

The Amara Elites Are Responsible for Suffering of Amara, and the Demise of Their Heritage!

By Belayneh Abate

Hand in hand with massacring, incarcerating and displacing Amaras, EPRDF has continued to destroy Amara heritages from the major cities of the country. These types of Ethnic cleansing of Amaras have continued because the Amara elites are standing behind the EPRDF leader and preventing Amaras from organizing and defending themselves.

The gullible Amara elites have failed to understand one simple natural law that governs this terrible world: Power is the foundation of survival and honor. In other words, no power, no honor! Even corona virus does not honor people with no power. Instead of empowering the Amara people who has been the prime target of EPRDF for three decades, the uncritical Amara elites bowed and empowered the former spy and the current leader of EPRDF.

As the Polish Kolakowski, once said, being deceived is no excuse. The excuse “being deceived by the serpent” did not save Adam and Eve from punishment.

Two years ago, the credulous Amara elites beat the drums behind the serpent Abiy Ahmed forgetting what this serpent and his devil masters did to the Amaras in the Garden of Aden for three decades. The gullible Amara elites forgot that Abiy Ahmed's criminal party, the Ethiopian Peoples Democratic Front (EPRDF), was established to franchise republics of nations and nationalities on the graves of Amaras.

The credulous Amara elites blamed only the Tigre Peoples Libration Front (TPLF), not the long-time slaves such as Abiy Ahmed, for the massacre, imprisonment, torture, displacement and sterilization of Amaras.

Despite his past wicked deeds, most Amara elites were completely blinded by the serpent's cunning "Ethiopia" rhetoric when he was systematically installed to power by foreign agents. The credulous Amara elites forgot that the serpent was a high-ranking spy director and Legesse Zenawi's right hand when Amaras were facing massacres, tortures, displacement and ethnic cleansing in every corner of the nation.

Like immature and uncultured teenagers, the gullible Amara elites were terribly seduced by pastor Abiy Ahmed's fake preaching about love, unity, reconciliation and forgiveness. Most Amara elites did not want to recall that the serpent pastor was the leader of EPRDF that hanged water bottles on testicles of Amara men, and administered unique birth control programs to sterilize Amara women.

In fact, many opportunist Amara elites considered him as the Moses of the biblical Exodus forgetting the surmountable crimes he and his masters did to the Amaras. These opportunist Amara elites did not want to admit that the fake preacher served like a jack ass to the ruthless EPRDF, a front established to break the backs and the hips of Amaras. The Gullible Amara elites failed to acknowledge that their preacher pastor built an ugly breast monument based on fire-place folktales to separate the Amaras from the people the pastor claims to represent.

Most Amara elites forgot that the architect of the anti-Amara EPRDF, Legesse Zenawi, never ordained cadres, spy agents or high-ranking officials unless they exhibit deep hate for Amaras or show strong love affair to their voracious large stomachs. The gullible Amara elites failed to predict that the pastor was preaching phony love and unity to buy time and strengthen his power to control Amaras.

Like Kolakowski's soul, Timothy Snyder 's heart is saddened by the gullible nature of most amara elites because they failed to see his red-warning sign, which reads "***anticipatory obedience is a political tragedy***". Like the fools who anticipate eggs of doves from the wombs of serpents, the gullible Amara elites expected a glitter of hope from the spy agents and cadres of the Legesse Zenawi's EPRDF, who were chasing, killing, sterilizing and starving Amaras for

decades. In fact, some Amara elites bowed like arcs below the knees of these criminals, and others became their full-time cadres and propagandists.

How complicated was it to read their 25 years resume? How difficult was it to comprehend that Legesse Zewai's EPRDF committed mass murders and national treason using spy agents and cadres such as Abiy as effective tools? How hard was it to understand that these tools lack conscience, morality, self-confidence, vision, courage and pride like any other tools?

The gullible Amara elites forgot their brilliant forefathers' teachings that empty love words come from the mouths of monsters that snatch believers from the hands of God. They failed to follow the teachings of the holy books, which warn people to identify fiends by their past and current deeds, not by their empty words.

Beyond the understandings of the suffering Amaras, some dupe Amara elites are still following the serpent's swinging tail even at a time the serpent is chasing, stinging and killing the Amara leaders to weaken the strength of Amara and materialize the dream of building the republics of nations and nationalist on the graves of Amaras.

Many fools and HODAM Amara elites are licking the serpent's tail even at this juncture when the serpent is turning every possible rock to make the Amara people leaderless while allowing his brutal kin to do whatever they want including killing, displacing, incarcerating, and robbing others.

It is unfortunate and sickening to see the gullible Amara elites contributing to the suffering and demise of Amara by committing political tragedy of **anticipatory obedience**, and by fabricating **excuses** of blaming the forbidden trees around the serpent instead of the serpent.

It was the serpent, not the forbidden trees, the unholy Adam and Eve cooked as an excuse at the beginning of genesis. Even Adam and Eve who directly blamed the serpent did not escape punishment because they keep cooking excuses and failed to repent their sins. Worse than Adam and Eve, the gullible Amara elites have miserably failed even to identify the serpent that misleads and stings the Amaras. The fools keep cooking excuses and blame the trees where the serpent resides.

The Amara elites should understand that the serpents are causing existential threats to the people of Amara, its beautiful Amharic Language, Scripts and well-designed calendar.

God has given us the brains so that we can predict the future based on past experiences. Our past experiences have shown that Abiyote Ahmed and his colleagues have been the leaders of EPRDF, a criminal organization that committed ethnic cleansing of Amaras in every corner of the country. EPRDF is currently intensifying displacement of Amaras and destroying their heritage. This is because Amara elites are preventing Amaras from organizing and defending themselves in one or another way. For the survival of the well-cultured and God-fearing Amara people, the gullible elites shall repent and stand united against the serpents. Thank you.
