May God Listen to the Prayer of Ethiopians, and the Intellectuals Do One Favor to the People?

By Belayneh Abate

As history teaches, no tyrannical government stays long in power without the support of intellectual prostitutes. Intellectual prostitutes are the enablers of despots and criminals. As we know, many intellectuals that worked for the Monarch government served the Derg military government, and later became slaves of the robber leaders of the Ethiopian People Democratic Front (EPRDF).

Within the last two years, many opponent intellectuals of EPRDF abruptly changed their political mistresses and became proponents of the criminal leaders of EPRDF. As God and the Ethiopian people witnessed, EPRDF is a barbaric mafia that committed torture, sterilization, sodomization and ethnic cleansing in this 21st Century.

Despite these facts, the intellectual prostitutes fell in love with the current criminal leaders of EPRDF and became their consultants, speech writers and propagandists. These intellectual prostitutes cannot mention a single EPRDF leader (they fell in love with) that was not involved in mass murder, torture and displacement of Ethiopians in one or another way.

Off course, these intellectual prostitutes justify their love affairs with phony national forgiveness, fake love and peace. They have failed to understand that forgiveness without justice is drier than the Sahara desert, and love and peace grow nowhere outside the sphere of justice.

It is not new to see the emergence of intellectual prostitutes. In the 18th century, Europe was inundated with intellectual prostitutes and the philosopher Rousseau described the intellectual prostitutes as follows: “Since learned men had appeared, honest men were nowhere to be found”. The legendary writer continued “a learned man is a depraved animal; education does not make a man good; it only makes him clever-usually for mischief.”
Since the appearance of these clever and mischievous learned men, the virtuous and deeply religious Ethiopian people, whom the Historian Herodotus and prophet Mohammad admired, has been infected with the viruses of dishonesty, robbery, mischief and hypocrisy.

About two years ago, the clever and mischievous intellectuals pretended as if they were standing behind the victims of EPRDF. They condemned the atrocities of EPRDF and stirred up the people to topple down this barbaric rule.

During these fierce struggles, tens of thousands of heroic and heroine Ethiopians lost their lives, legs, arms, eyes, backs, and reproductive potentials. Betraying these martyrs, the intellectual prostitutes started to dance with the EPRDF rulers who were parts of these despicable crimes. None of the EPRDF officials has faced justice for the crimes of ethnic cleansing in Gambella, Ogaden, Bedeno, Arbagugu, Wolkait, Raya, Metekle, Gondar, Amba Giorgis, Debrtabor, Bahirdar, Woldia, Magete, and other regions of the country.

It appears that the intellectual prostitutes have erased the concept of justice from their mind and conscience. In countries built by principled intellectuals, criminals cannot walk free on the streets late alone take the highest offices of governments.

The crimes of EPRDF leaders are not minor offenses: they are treasons, mass murders, ethnic cleanings and different forms of genocides. It appears that the intellectual are pleased to sleep with these dreadful criminals.

Since they started to share bedsheets with these criminals, the intellectual prostitutes have been masking the recent crimes of EPRDF. They concealed the displacement of three million Amaras and Gedios. They disguised the massacre of Gamos and dislodgment of Amaras in the outskirts of Addis Ababa. They masked the eviction of tens of thousands of Amara students from the universities.

As we speak, these intellectuals have changed the conversation about the kidnapped students to the topics of traitors although the people expressed deep anger against EPRDF’s intentional indifference through massive demonstrations. Instead of standing with the people and free the endangered students from the clutches of the hyenas, these intellectuals are promoting the election propaganda of the criminal EPRDF leaders.
It is palpable that Ethiopians are losing hope that the intellectuals will contribute to the liberation of the people and the dignity of the nation. In fact, many people are praying so that God would forbid the intellectual prostitutes from living promiscuous lives with despicable criminals that participated in committing national treasons and mass murders for nearly three decades.

May God listen to the prayer of Ethiopians, and the intellectuals do one favor to the people? May the intellectuals refrain from supporting criminal rulers who participated in tortures, forceful sterilization, sodomization, massive displacements, ethnic cleansing, and genocides of the Ethiopian people?

Thank you.
