

Fascist Tigrians brutally beaten and wounded **Araya Tarkegn for Playing Amharic Musics**

September 29, 2016

Our brother, Araya Tarkegn was brutally beaten yesterday at mid -night by TPLF gangs. Araya is a resident of Wolkait, part of Gondar province. Araya was playing Amharic music in his hotel when the incident happened. The main cause of the beating was playing Amharic music which banned in that place. The TPLF regime has been imposing the Tigray culture on Wolkait Amhara and Raya Amhara. Wolkait Amhara face unimaginable atrocities for being Amhara and on their on land.

However, Tigregna music is played everywhere in Ethiopia. If playing Amharic music lead someone to death why it doesn't have a problem playing Tigragna everywhere.

Now on, everyone must stop playing Tigragn music in his hotel or any public areas in Amhara region and other places in Ethiopia.
