Inadvertently, the Intellectual Prostitutes Are Promoting Amara Genocides!

By Belayneh Abate

Like many other countries, Ethiopia has been inundated with intellectual prostitutes for the last half a century. These intellectual prostitutes are promoting the leaders of the Ethiopian Peoples Democratic Front (EPRDF) even at this juncture, when the ongoing ethnic cleansing of Amara is escalated to genocide throughout the country.

As we know, the Amara genocide perpetuators are hosted by EPRDF, a criminal organization that has been massacring, torturing and displacing Amaras for more than three decades. The intellectual prostitutes are acting as if they do not know the unholy EPRDF leaders “baptized” the genocide commanders and their mencha-soldiers.

It is historical fact and general knowledge that EPRDF was established to implement a jungle manifesto that falsely labelled Amaras as oppressors. Since this jungle manifesto became a “constitution”, EPRDF has killed more Amaras than the Hutus killed Tutsis during the Rwanda genocide.

In Rwanda, ethnic Hutus killed not only their neighbor Tutsis but also their Tutsi wives.[1] We have watched similar tendencies in Harergie, Bale, and Arusi provinces of Ethiopia this past week. Despite these dangers, many prostitute intellectuals are trying to shrug off the danger and cover up the Amara genocide with religious blankets.

Instead of naming it Amara genocide, they are calling it a religious conflict although the barbaric killers were chanting the EPRDF’s code for Amara- “get out nefitegna”. To make the danger worse, the prostitutes are turning every stone to exonerate Abiy Ahmed, who is providing luxurious boarding and body guards for the perpetuators of the genocide. Even after Abiy (the phony prophet of addition) and Lemma (the fake pastor of addiction) said they will continue to work with the genocide commanders, the intellectual prostitutes are making the beds to sleep with these pastors of additions and addictions.
For the intellectual prostitutes of Ethiopia, sleeping with a criminal ruler is not new. In 1991, when the Western and Arab backed Legesse Zenawi took power, many intellectual prostitutes bowed to his feet and served him like a jackass although he made the country land locked and cracked the country into ethnic lines and controlled the people like herds of cattle in barns.

Served by prostitute intellectuals, Zenawi’s EPRDF conducted ethnic cleansing of Amaras in Bedeno, Arbagugu, Arsi Negele, Adebabay Eyesus of Gondar and other places. [2-4] Legesse Zenawi slept with these intellectual prostitutes until he got enough of them and threw them like pieces of toilet paper. This fact heralds that even Satan despises intellectual prostitutes and hates to sleep with them forever.

Now, the same and similar intellectual prostitutes are engaged in the same type of prostitution with the political son of Legesse Zenawi. As anyone can imagine, the worst kind of prostitute is a prostitute that performs prostitution with the father and the son. The son, Abiy Ahmed, was a loyal spy and cadre of his father Legesse Zenawi. As it had been seen, Zenawi never promoted and appointed cadres, who do not exhibit strong hate for Amara or show deep love affairs to their stomachs. Despite these facts, the intellectual prostitutes fell in love with the Legesse’s son, who served as the director of his spy agency.

As most Ethiopians fully understand, the spy agency is responsible for the vanished 2.4 million Amaras, for the massacred thousands, for the tortured thousands, for the displaced millions and for the disappeared thousands. Zenawi rarely left his office to confine or kill people: It was his spies, who trapped millions through licking people’s ears and telephone wires.

Despite these historical facts, the intellectual prostitutes considered the spy as Moses and worshiped him as a messenger of God merely because he mischievously said, “we are Ethiopians both in life and death”. The intellectual prostitutes trusted the former spy more than the patriarchs and popes trust God. Some consider him as their heart, others as their lungs. Some volunteered to serve as his propagandists and others as personal assistants. They nominated him for peace prize and danced with him for the prize. The anti-EPRDF party leaders dined with the criminal EPRDF leaders betraying and making their fighter comrades homeless.
The intellectual prostitutes forgot that their mosses participated in splitting Ethiopia into pieces, and in massacring and torturing of its citizens. The intellectual prostitutes forgot the victims of EPRDF including Asefa Maru, Asrat Woldeyes, Samuel Awoke, and many other martyrs in Wolkayit, Raya, Gondar, Gambella, Metekel, Ogaden, Bahirdar, Ambo, Debre-Brehan, Woldya, Debretabor, Bure, Dangla, Magete, Awasa and so on.

Abyote Ahmed will sleep with these intellectual prostitutes until he gets tired and throw them into trash cans as his father Legesse rightly did. In fact, he has already started since he has accomplished what his father achieved in 25 years just in one year. Like his father, the copy-cat Abyote, allowed his cousins to rob banks, he monopolized key government positions, the military, the police, the spy agency, the economy and the national medias.

Intellectual prostitutes always use forgiveness as excuse to justify their adulterous lives. Only devil knows who the hell these intellectual prostitutes are to forgive on the behalf of the dead souls. Even the beloved wife of Assefa Maru and his children do not have the supreme power to forgive on the behalf of martyr Asefa Maru. Even the children of the martyr professor Asrat do not have the highest power to forgive on the behalf of the giant martyr Asrat Woldeyes. Even the loving mother of Samuel Awoke, who raised a magnificent son of profound dignity, does not have the ultimate power to forgive on the behalf of a hero who lost his life at a very young age.

As “intellectuals”, these prostitutes know today’s generation is based on yesterday’ generation, and tomorrow’s is based on today’s generation. However, the intellectual prostitutes do not care about these binding chains and the dead souls as long as their prostitution adventure makes their infidel lives luxurious.

Amaras have been living in darkness for the last 50 years because intellectual prostitutes sided with their killers. Even at this critical time, when different forms of Amara genocides are intensifying, these intellectual prostitutes are preventing Amaras from organizing and defending themselves.

The Amaras shall understand that intellectual prostitutes are predisposing them to full blown genocides. The Amaras should realize that the intellectual prostitutes are thwarting them from standing united to defend themselves.
from the ongoing physical, economic, cultural, spiritual, educational and reproductive genocides.

Furthermore, the Amaras should understand that the worst intellectual prostitutes are the Amara- intellectual prostitutes because they are contributing for the demise of their own progenies. The Amaras should completely stop listening to the prostitutes and stand united to resist the ongoing multifactorial genocides. The Amaras should defy the intellectual prostitutes, who are inadvertently promoting Amara genocides! Thank you.
