

## Stop the Kabugas of Ethiopia: Halt Full Blown Genocides!

*Belayneh Abate*

After decades of hiding, Félicien Kabuga of Rwanda is facing justice for nearly one million Tutsis slaughter during the Rwanda Genocide. [1] This genocide was neglected by the world and this negligence has contributed to the vast extent of the Tutsis extermination. Kabuga is accused of planning, organizing, financing and promoting the genocide of Tutsis.

By the time the Rwandan Kabuga is facing justice, the Ethiopian Kabugas are

organizing and promoting the killings of Neftegnas-the nickname the Ethiopians Kabugas gave for the Amaras. As we speak, we are receiving disturbing news and telephone calls about the mass slaughtering of Amaras in the central, southern, Eastern and Western parts of Ethiopia. The mobs inspired by the Ethiopian Kabugas are chopping the victims' necks, drag and hang their dead bodies. [2-3]

The current activated cleansing and genocide of Amaras is the continuation of the slow-motion ethnic cleansing and genocide of Amaras, Gurages and Agnwaks for the last three decades. As Ethiopians know and international human rights organizations documented, there have been continuous ethnic cleansing of Amaras in Bedeno, Gura Ferda, Arba Gugu, Arusi Negele, Wolkait, Raya, Metekel and Shewa. [4-14]

It appears that the Kabugas of Ethiopia are determined to eliminate Amaras and other ethnic Ethiopians from certain regions of Ethiopia. Nations of the world should not repeat the same mistakes they made during the Rwandan genocide.

The Amaras should realize that they will continue to be the victims of the Ethiopian Kabugas as long as the current "constitution" and the killil way of administration exists, and the mob- agitation of the Ethiopian Kabugas continues. The Amara people should not sit and watch its undulating slow and fast extinction. The Amara people shall come together to stop the Kabugas of Ethiopia and to halt full blown genocides. Thank you.
