Immediate International Press Release

We, the Ethiopian National Government in Exile, condemn the bombing that occurred at the rally in Ethiopia's capital Addis Abeba today. We stand with the Ethiopian people, especially our brothers and sisters who were wounded and for those who lost their lives, against this act of violence and cowardice in the face of such a peaceful rally in support of Prime Minister Abiy Ahmed.

Ethiopia needs unity and peace in communication of our differing perspectives in order to move forward as a united nation. We hope and pray that we can come together as a united people, both within the country, and in the diaspora, in order to move forward from this tragedy.

One Ethiopia, One People
